Vertical freezer, 1175 ℓ, stainless steel interior/exterior, 4-inch casters, adjustable shelf height, digital temperature control, upper machine room type, compressor 3/4 horsepower, 115 V / 60 Hz, 220~240 V / 50 & 60 Hz, automatic defrost removal

## Product Features

- Both the interior and exterior are made of stainless steel, so it can be used without fear of rust, stains, or corrosion.
- The indirect cooling method automatically removes frost, allowing hygienic use without bacteria.
- Even if the refrigerator door is opened frequently, less cold escapes, so the internal temperature is maintained uniformly, and it is a cooling method that quickly returns to the set temperature.
- Using a urethane foam door effectively blocks external heat and keeps food fresh by preventing internal cold air from leaking out.
- There is a shelf hanger on the inside side, so you can adjust the shelf height as desired.
